Supplemental Type Certificate

Number SE00357DE

This Certificate issued to Fly In Vacations
6395 Parkhill Road
Santa Margarita, California 93453

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 13 of the Federal Aviation Regulations. *Certification basis is set forth in Type Certificate Data Sheet TCDS*

Original Product Type Certificate Number: 1E4

Make: Textron Lycoming

Model: IO-540-T4A5D, IO-540-T4B5D

Description of Type Design Change: Modification to Textron Lycoming engine for the installation of a Turbonormalizing system in accordance with FAA approved Camarillo Aircraft Service Master Drawing List (MDL) CA540, Revision N/C dated June 24, 1999, or later FAA approved revision. See NOTE 1 for additional FAA approvals for this installation.

Limitations and Conditions: The installation should not be incorporated in any engine unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the engine. The approval of this modification applies to the above noted engine model series only. A copy of this STC must be included in the permanent records of the modified engine. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission. See Page 3 for continuation.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: October 22, 1996

Date reissued: December 28, 1998,
February 28, 2012, April 12, 2012

Date of issuance: October 14, 1998

Date amended: March 14, 2000

By direction of the Administrator
