No. SA00236SE for a list of the approved airplane

Model:

models and applicable airworthiness regulations.

Description of the Type Design Change: Installation of an extended baggage compartment in accordance with Air Metal Fabricator Master Drawing List 94AMF001-D01, Revision A, dated September 22, 1995, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to the aircraft models listed on the AML only. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate, AML, and Airplane Flight Manual Supplement (AFMS) no revision, dated September 29, 1995, or later FAA approved revision, must be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
