Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number **SH288WE**

This Certificate issued to AIR ENTERPRISES, LLC
4517 Shooting Star Avenue
Middleton, Wisconsin 53562

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 6 of the Civil Air Regulations.

Original Product Type Certificate Number: 2H3
Make Bell
Model 47G-2A, 47G-2A-1

Description of Type Design Change: Relocation of hydraulic pump from engine to main transmission to provide boosted controls during autorotation in accordance with FAA Approved City of Huntington Beach, Department of Public Works Drawing No. 100 for helicopters using 600 series transmissions.

Limitations and Conditions: The approval of this change in type design applies to the Bell 47G-2A and 47G-2A-1 model helicopters only. This approval should not be extended to other helicopters of these models on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that helicopter. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: April 23, 1981

Date reissued: October 24, 2013

Date of issuance: November 27, 1981

Date amended:

By direction of the Administrator
