

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA192CE

This certificate issued to
BF Goodrich Aerospace
Lighting Systems Division
3445 South 5th Street
Phoenix, AZ 85040

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product--Type Certificate Number: A-814
Make: Vickers-Armstrong
Model: Viscount 745D, 810

Description of Type Design Change: Installation of Hoskins Supplemental Model A High Intensity Wing Tip Lights, Model C Tail Light with or without Models 2 High Intensity Fuselage Lights.

Data Required: (1) General Installations Instructions as amended May 1, 1962; (2) Hoskins Drawing No. SW-1; and (3) Hoskins Specification Sheets (4 sheets) dated January 6, 1964.

Limitations and Conditions: The approval of this change in type design applies basically to aircraft models listed above only. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 19, 1963

Date reissued: October 17, 1974, April 1, 1990,
September 25, 1995, January 31, 1996,
September 30, 2011

Date of issuance: February 2, 1964

Date amended:

By direction of the Administrator
