

Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA102RM

This certificate, issued to

Heliarc Welding Service, Inc.
 3965 Newport Street
 Denver, Colorado 80207

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: A7CE
Make: Cessna
Model: 411, 411A, 421, 421A, and 421B

Description of Type Design Change:
 Installation of exhaust turbo connector, Part No. 042177-5, per HWS Drawing 060001-20 approved May 19, 1977.

Limitations and Conditions:
 This approval should not be extended to airplanes of these models on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: April 12, 1977

Date reissued:

Date of issuance: May 19, 1977

Date amended:

By direction of the Administrator
