

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number ST00219AT

This certificate issued to C.C.2.B., a Delaware limited liability company
C/O Timothy H. Hopkins, Esq., Groom & Cave, LLP
1570 The Alameda, Suite 100
San Jose, CA 95216

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Regulations.

Original Product--Type Certificate Number: A20WE

Make: Boeing

Model: 747SP

Description of Type Design Change:

Installation of an Executive Interior in accordance with Page Avjet Master Drawing List No. MDL 92-16, Revision "B", dated April 28, 1993, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to other airplanes of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change effect upon the airworthiness of that airplane. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 07, 1992

Date reissued: August 08, 2006

Date of issuance: April 30, 1993

Date amended: May 20, 1993

By direction of the Administrator
