

United States of America
 Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SE5205NM

This certificate, issued to Oilamatic Inc.

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the * Regulations.*

Original Product — Type Certificate Number: See attached FAA Approved Model List (AML) No. SE5205NM for list of engine models and applicable airworthiness regulations.
Make:
Model:

Description of Type Design Change:

Installation of an Oilamatic engine filter screen adapter in accordance with Oilamatic Drawing List as listed on the FAA Approved Model List (AML) of this STC, dated March 4, 1991, or later FAA approved revisions.

Limitations and Conditions:

Approval of this change in type design applies to the above engine models only. This approval should not be extended to engines of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that engine. (See Continuation Sheet, page 3 of 3.)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 10, 1991

Date reissued:

Date of issuance: March 4, 1991

Date amended:

By direction of the Administrator

Michael H. Borfittz
 MICHAEL H. BORFITZ, (Signature) Supervisor
