

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number **SR01750LA**

This Certificate issued to **AIRWORTHY PRODUCTS
411 Helen Drive
Millbrae, California 94030**

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 27 of the *Federal Aviation Regulations.*

Original Product Type Certificate Number: ****See attached FAA Approved Model List (AML)**

Make: ***No. SR01750LA for list of approved rotorcraft**

Model: ***models and applicable airworthiness regulations.**

Description of Type Design Change:

Installation of Airworthy Products Volt/Amp Meter Display as installed in the rotorcraft models noted on the FAA Approved Model List dated March 29, 2005, or later FAA approved revisions.

Limitations and Conditions: This approval of the change in type design applies to the rotorcraft models as listed above. This approved should not be extended to other specific rotorcraft of these models on which other previously modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect on the airworthiness of those rotorcraft. A copy of this STC must be included in the permanent records of the modified aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: **July 26, 2004**

Date reissued:

Date of issuance: **March 29, 2005**

Date amended:

By direction of the Administrator
