Supplemental Type Certificate

Number: SA03261AT

This certificate issued to: *Reds Aircraft Service, Inc.*
4011 5th Street, Suite 104, Hangar 6
Kissimmee, FL 34741

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 23 of the Civil Air Regulations.

Original Product – Type Certificate Number: A7CE Make: Cessna
Model: 425

Description of Type Design Change:

Installation of a Pitot Heat System Cockpit Indicator Lights on a Cessna 425 in accordance with Master Drawing List RAA-MDL-11, Revision A, dated March 17, 2006, or later FAA Approved Revision.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse affect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission. FAA Approved Airplane Flight Manual Supplement, RAA-FMS-8, dated April 25, 2006, or later FAA approved revision is a required part of this STC.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: November 28, 2005

Date Reissued: July 17, 2009, June 02, 2012, March 01, 2016

Date of Issuance: April 25, 2006

Date Amended

By Direction of the Administrator

Atlanta Aircraft Certification Office

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
