

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA2333SO

This certificate issued to

Raytheon Aircraft Services, Inc.
3992 Aviation Circle
Atlanta, Georgia 30336

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product--Type Certificate Number: A16SW

Make: Raytheon

Model: 400

Description of Type Design Change: Installation of an air conditioning system in accordance with Hangar One Drawing List No. H1TB, dated March 15, 1991, or later FAA approved revision.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. FAA Approved Airplane Flight Manual Supplement, dated May 17, 1988, is a required part of this STC. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 1, 1987

Date reissued: October 20 2005

Date of issuance: May 17, 1988

Date amended: June 25, 1991

By direction of the Administrator
