Model 767-200 Series, 767-300 Series, 767-300F Series

Description of Type Design Change: Installation of ARINC Characteristics 718A for Mode S Transponder Activation of Elementary and Enhanced Surveillance Capabilities in accordance with Hollingsead International Master Data List 2869-01, Revision NC, dated May 12, 2006, or later FAA approved revision.

FAA Approved Airplane Flight Manual Supplement, Hollingsead International Document 2869-AFM, Revision NC, dated October 17, 2006, or later FAA Approved revision is required.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those previously approved modifications will not introduce any adverse effect upon the airworthiness of that aircraft. A copy of this STC must be included in the permanent record of the modified aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
