Supplemental Type Certificate

Number: SA1479CE

This certificate issued to: Sabreliner Aviation, LLC
1390 Highway H
Perryville, MO 63775

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations

Original Product – Type Certificate Number:
A2WE

Make: Rockwell International
Model: NA-265-60 and NA-265-80

Description of Type Design Change:

Installation of Forward Auxiliary Fuel Cell (56 gal). Data Required:

Model 60: Rockwell Drawing List #60S-143-0012, dated January 29, 1979 and Flight Manual Supplement, dated March 23, 1979; or

Model 80: Rockwell Drawing List #80S-070-0012, dated March 27, 1979 and Flight Manual Supplement, dated April 30, 1979, or later FAA approved revision to all documents.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: September 20, 1978

Date Reissued: June 30, 1983; March 7, 2014

Date of Issuance: March 23, 1979

Date Amended: April 30, 1979

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
