Wilsonville, OR 97070**

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: A4CE
Make: Cessna
Model: 206H, T206H, U206G, and TU206G

Description of the Type Design Change: Installation of an internal observers console assembly in accordance with Master Drawing List 100000517-000, Revision B, dated June 3, 2015, or later Federal Aviation Administration (FAA) approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to aircraft of these models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. The modified aircraft must be maintained in accordance with Integrated Surveillance and Defense, Inc. Instructions for Continued Airworthiness, 100000813, Revision IR, dated November 13, 2015, or later FAA-accepted revision. A copy of this certificate shall be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
