

A1718NMD-3

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA1594NM

This certificate, issued to Heliarc Welding Service, Inc.
P. O. Box 38509
3965 Newport Street
Denver, Colorado 80238

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: A16CE
Make: Cessna
Model: T207, T207A

Description of Type Design Change:

Installation of replacement exhaust heat exchanger in accordance with FAA sealed Heliarc Welding Service, Inc. Drawing List Number 3, revised April 11, 1986; FAA approved May 22, 1986; or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any other previously approved modification will introduce no adverse effect upon the airworthiness of the airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 16, 1984

Date reissued:

Date of issuance: October 30, 1984

Date amended: May 22, 1986

By direction of the Administrator
