Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA2663SW

This Certificate issued to L-3 Communications Integrated
Systems L. P.
10001 Jack Finney Blvd.
Greenville, TX 75402

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product Type Certificate Number: 4A26
Make: Boeing
Model: 707-3L6B

Description of Type Design Change:

Interior modification; communications, water tank and galley installations; external antenna systems (wing tip probes and long wire antennas); oxygen and power distribution system modifications according to Drawing List 60-062-AB Report 00005 Revision B dated October 7, 1977.

Limitations and Conditions:

FAA Approved Airplane Flight Manual Supplement dated October 9, 1977, is required.

Compatibility of this design change with previously approved modifications must be determined by the installer. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: February 01, 1977

Date reissued: May 31, 2002

Date of issuance: October 09, 1977

Date amended:

By direction of the Administrator
