*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the * Regulations. **

Original Product--Type Certificate Number: * *See attached FAA Approved Model List

Make: * (AML) No. SA563CH for list of approved engine

Model: * models and applicable airworthiness regulations

Description of Type Design Change:

Installation of Champion Limited Authority Spark Advance Regulator (LASAR™) ignition system with Cylinder Head Temperature (CHT) monitoring capability on airframes with FAA approved installations of AVCO Lycoming model O-320, O-360, or IO-360 engines. The LASAR™ system must be installed on the engine in accordance with Unison Service letter listed on AML, or later FAA approved revision and STC SE524CH.

Limitations and Conditions:

1. Compatibility of this design change with previously approved modifications must be determined by the installer.
2. CHT probe is required for all LASAR™ system aircraft installation.
3. Unison Flight Manual Supplement, listed on AML or later FAA approved revision is required for this installation.
4. Operation of LASAR™ system equipped engines requires a minimum grade of 100 Octane Av-Gas.
5. The LASAR™ system is armed and ready to fire at engine TDC when the ignition switch is in the "BOTH" or "START" position and the master switch is "ON". Forward and reverse movement of the propeller may trigger an ignition event.
6. A copy of this Certificate and AML No. SA563CH dated November 4, 1996, or later FAA approved revision, must be maintained as part of the permanent records for the modified aircraft.
7. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
