Model:

aircraft models and applicable airworthiness regulations

Description of the Type Design Change: Replacement of airplane fuselage frame structure with The WACO Aircraft Co. Inc. fuselage in accordance with The WACO Aircraft Co. Inc. Drawing List YPF-7F, Revision C, dated August 5, 1998, or later Federal Aviation Administration approved revision.

Limitations and Conditions: Conduct installation of fuselage frame structure per the instructions provided by the original equipment manufacturer and current accepted aircraft maintenance practices where appropriate. Installation limited to the narrow landing gear versions of the above listed models.

Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including change in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this certificate must be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
