

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number ST03429AT

This certificate issued to
EAD Aerospace
Suite IMS
5458 N Magnolia
Chicago, IL 60640

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product--Type Certificate Number: A16WE
Make: Boeing
Model: 737-600/-700/-800/-900 Series

Description of Type Design Change: Installation of a Honeywell Link 2000+ ACARS/Controller Pilot Data Link Communication (CPDLC) System in accordance with EAD Aerospace Master Data List 01106-FAA-A-MDL, revision B, dated March 19, 2007, or later FAA approved revision.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission. FAA approved Airplane Flight Manual Supplement for Honeywell Link 2000+ ACARS/CPDLC System, 01106-FAA-A-AFM-01, revision IR, dated April 23, 2007, or later FAA approved revision is a required part of this STC.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: September 20, 2006

Date reissued:

Date of issuance: April 23, 2007

Date amended:

By direction of the Administrator
