

Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA4026WE

This certificate, issued to Hamilton Aviation Company

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product — Type Certificate Number: A-793
Make: General Dynamics
Model: 240-27, 240-52

Description of Type Design Change: Conversion of Military T-29B to Civil Model 240-27 and Military T-29D to Civil Model 240-52 in accordance with FAA sealed Hamilton Aviation Company Master Drawing List 78000, Revision P or later FAA approved revision is lieu of Note 13(a) or Note 16(a) of Aircraft Specification No. A-793. Hamilton Aviation Company FAA approved Airplane Flight Manual dated January 12, 1979 or later FAA approved revision is required.

Limitations and Conditions: The approval of this change in type design applies basically to the General Dynamics Model 240-27 and 240-52 only. This approval should not be extended to other models of this aircraft model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those previously approved modifications will introduce no adverse affect upon the

See Continuation Sheet 3
