Department of the Air Force
Headquarters Aerospace Defense Command
Peterson Air Force Base, Colorado 80914

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the ~~Federal Aviation~~ Civil Air Regulations.

Original Product — Type Certificate Number: A9EA
Make: DeHavilland
Model: DHC-6-300

Description of Type Design Change:

Change in Airplane Flight Manual operating limitations to permit landings with air-operable jump door open.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of these other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft.

Airplane Flight Manual Supplement No. 24 dated February 15, 1978, is a required part of this installation.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Agency.

Date of application: February 8, 1978

Date reissued:

Date of issuance: February 15, 1978

Date amended:

By direction of the Administrator
