certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part CAR 9, 04 of November 9, 1945 and CAR 4b.270(b) of the Civil Air Regulations.

Original Product Type Certificate Number: L-3-4

Make: Douglas

Model: A-26B and A-26C (B-26)

Description of Type Design Change: Modification consists of spar reinforcements per On Mark Engineering Company sealed Summary Drawing List Number 26-1599.

Limitations and Conditions: The approval of this change in type design applies basically to Model A-26B and A-26C aircraft only. This approval should not be extended to other specific aircraft of these models on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
