# Supplemental Type Certificate

Number: SA2603CE

This certificate issued to: Cessna Aircraft Company  
One Cessna Blvd  
Wichita, KS 67277

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations effective February 1, 1965, plus amendments listed in the Type Certificate Data Sheet.

Original Product – Type Certificate Number: A21EA                      Make: Canadair  
Model: CL-601

Description of Type Design Change:

Installation of a Refreshment/Entertainment Cabinet (structural provisions only) per Precision Pattern Drawing List Number 12035, stamped FAA Approved and dated May 17, 1990, or later FAA approved revision

Limitations and Conditions:

1. This approval is for the cabinet installation only. The installation of electrical components within this cabinet must be separately approved.
2. This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

Date of Application: February 20, 1990

Date Reissued: January 31, 2015

Date of Issuance: May 17, 1990

Date Amended:

*By Direction of the Administrator*

Wichita Aircraft Certification Office

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
