

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA632AL

This Certificate issued to Wick Air Inc.
8091 E. Palmer/Wasilla Hwy
Palmer, Alaska 99645

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product Type Certificate Number: 799
Make: Cessna
Model: 170, 170A & 170B

Description of Type Design Change: Installation of McCauley 1A175/DM80 propeller in accordance with Wick Air Inc., FAA approved Instruction Sheet #APS-100 dated May 3, 1978, or later FAA approved revision. The FAA approved Airplane Flight Manual Supplement dated May 3, 1978 or later FAA approved revision is required.

Limitations and Conditions: The approval of this change in type design applies to basic Cessna Model 170 aircraft only. Compatibility of this design change with previously FAA approved modifications must be determined by the installer.

If the holder agrees to permit another person to use this Certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 12, 1977

Date reissued: July 11, 2008

Date of issuance: May 3, 1978

Date amended: July 11, 2008

By direction of the Administrator
