

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number ST 9686 SC-D

This certificate, issued to American Airlines, Inc.
P. O. Box 582809
Engineering Dept., MD 208
Tulsa, Oklahoma 74158-2809

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product — Type Certificate Number: A6WE
Make: McDonnell-Douglas
Model: DC-9-82/83

Description of Type Design Change:

Installation of new cockpit instrument panel in accordance with Master Data List K2958, Rev NEW dated March 23, 2004, or later DAS-700094-SW approved revision.

Limitations and Conditions: This STC is contingent on prior or concurrent installation of an electronic flight instrument system (EFIS.)

This approval should not be incorporated in any aircraft of this specific model until compatibility of this modification with previously approved modifications has been determined by the installer. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: Sept. 17, 2003

Date reissued:

Date of issuance: March 23, 2004

Date amended:

By direction of the Administrator

(Signature)
R. D. Iliff
DAS-700094-SW administrator

(Title)

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both.

This certificate may be transferred in accordance with FAR 21.47.
