Supplemental Type Certificate

Number SB02889AT

This certificate issued to

Aeronautical Enterprises, Inc.
Balloon Port of Lavonia, 986 E. Main St.
Lavonia, GA 30553

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 31 of the Federal Aviation Regulations.

Original Product - Type Certificate Number : A1550

Make : John A. McNeely, Sr., (Adams Balloon Loft)

Model : A-60S ; A-B ; A50S ; A55 ;
A55S ; LD-S

Description of Type Design Change: Installation of replacement vapor and liquid fuel hoses including associated fittings in accordance with Aeronautical Enterprises, Inc. installation drawings "Supplemental Type Certificate, Mike Adams Balloons, Parker SS25UL Fuel Hose Hardware Installation", pages 1 through 6, Rev. IR dated February 12, 2004 and "Instructions for Continued Airworthiness", Report No. AERO-060204, Rev.0 dated June 1, 2004.

Limitations and Conditions : This approval should not be extended to other balloons of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that balloon. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : January 06, 2004

Date reissued :

Date of issuance : June 18, 2004

Date amended :
