Supplemental Type Certificate

Number SA02452SE*This certificate, issued to*

Aerocet, Inc.
265 Shannon Lane
Priest River, ID 83856

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: A00007SE
Make: Quest
Model: Kodiak 100

Description of the Type Design Change: Installation of Aerocet Model 6650 Amphibious Twin Floats in accordance with Master Drawing List (MDL) Document 66-12000, Revision J, dated August 5, 2015, or later Federal Aviation Administration (FAA) approved revision. Maintained in accordance with Instructions for Continued Airworthiness (ICA) Document A-10038, Revision 0, dated February 11, 2015, or later FAA-accepted revision. Operated in accordance with Airplane Flight Manual Supplement (AFMS) Document A-33104, Revision I/R, dated August 7, 2015, or later FAA-approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model series unless the installer determines that the relationship between this change and any other previously incorporated approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

A copy of this certificate, the MDL, the ICA, and the AFMS must be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

(See Certification Sheet Page 3 of 3 Pages)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 6, 2014
