

Supplemental Type Certificate

Number SA4531NM

This Certificate issued to International Motors Company
777 First Street, #510
Gilroy, California 95020-4918

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product Type Certificate Number: A12SO

Make: Gulfstream Aerospace

Model: 112, 114

Description of Type Design Change: Replace original 100 watt landing light with a 250 watt lamp in accordance with FAA sealed International Motors Company Installation Drawing No. 20400, Revision B, dated April 12, 1989, or later FAA Approved revision.

Limitations and Conditions: The approval of this change in type design applies basically to the listed models only. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
