* See attached Federal Aviation Administration (FAA)

Make:

Approved Model List (AML) SA02486SE for approved

Model:

aircraft models and applicable airworthiness regulations

Description of the Type Design Change: Installation and maintenance of a Replacement Instrument Panel in accordance with Affordable Aircraft Systems document as listed on AML SA02486SE, or later FAA-approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model series unless the installer determines that the relationship between this change and any other previously incorporated approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this certificate, AML SA02486SE, and the Affordable Aircraft Systems document as listed on AML SA02486SE, must be maintained as part of the permanent records for the modified aircraft.

This is a provisions only supplemental type certificate (STC). Equipment installed in this instrument panel must be within the weight and overhanging moment limitations specified in the installing data. Any equipment not previously approved requires a separate approval.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 24, 2015

Date reissued:

Date of issuance: June 1, 2016

Date amended:

By direction of the Administrator
