Number SA4535SW-D

This Certificate issued to RAM Aircraft, Limited Partnership
7505 Karl May Drive
Waco, TX 76708

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product Type Certificate Number : A7CE
Make : Cessna
Model : 414, 414A

Description of Type Design Change:

Installation of Auxiliary Landing Lights according to Drawing 1003, Revision A dated June 12, 1981, or later FAA approved revision.

Limitations and Conditions:

Compatibility of this design change with previously approved modifications must be determined by the installer. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

Installation of these lights is limited to aircraft with 100 Amp alternators installed.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : April 27, 1981

Date reissued : October 08, 2001, February 28, 2008,
August 25, 2008

Date of issuance : November 04, 1981

Date amended :

By direction of the Administrator
