Supplemental Type Certificate

Number: ST02442NY

“Reissued on July 9, 2015, to supersede the original STC, which has been lost or misplaced.”

This certificate issued to: Jet Aviation Holding Inc.
112 Charles A. Lindbergh Drive
Teterboro, NJ 07608

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: Make: The Boeing Company
A20WE Model: 747-400 Series

Description of Type Design Change:

1. Installation of electric fan, hardware and airing to provide ventilation of In Flight Entertainment avionics boxes on Boeing 747-400 aircraft in accordance with Jet Aviation Master Data List document Number CD-3109-MDL-1, Revision D, dated August 1, 2007.
2. Instructions for Continued Airworthiness, ICA-B747-06-024, Revision 00, dated May 16, 2007 is required for this installation.

Limitations and Conditions:

1. STC ST00842LA, updated to include Thales Avionics Index List No. 244111, Revision D, dated June 12, 2007 and FAA approved on June 21, 2007 is required to be installed as a prerequisite for accomplishing this STC.
2. The installer must determine whether this design change is compatible with previously approved modifications.
3. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: December 07, 2006

Date Reissued: July 9, 2015

Date of Issuance: August 15, 2007

Date Amended:

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
