Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SH7571SW

This certificate issued to

Bell Helicopter Textron, Inc.
441 Industrial Park Road
Piney Flats, TN 37686

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 6 of the Civil Air Regulations.

Original Product -- Type Certificate Number: H2SW
Make: Bell Helicopter Textron Canada Limited
Model: 206L, 206L-1, 206L-3

Description of Type Design Change:

Provisions for a medical oxygen system installation in accordance with SFENA Corporation Drawing 258-13003, no revision, dated March 21, 1989, through ECO 3334 or later FAA approved revision. When installing oxygen equipment for use with the provisions established by this STC, the criteria established by SFENA Drawing No. 89-200, Revision A, dated March 23, 1989, or later FAA approved revision is required.

Limitations and Conditions:

The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : March 15, 1989

Date reissued : 3/28/91, 1/17/02, 8/14/12

Date of issuance : March 24, 1989

Date amended :

By direction of the Administrator
