

Supplemental Type Certificate

Number ST00373SE

This certificate, issued to Flight Structures, Inc.
4407 172nd Street NE.
Arlington, WA 98223

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Regulations Regulations.

Original Product—Type Certificate Number: A20WE
Make: Boeing
Model: 747-400

Description of the Type Design Change: ∴ Installation of one additional 114 cubic foot oxygen bottle in the lower forward lobe in accordance with Flight Structures, Inc. Master Drawing List 96FS647-DO1 Revision IR, dated September 6, 1996, or a later FAA approved revision.

Limitations and Conditions: The approval of this change in type design applies basically to the above model aircraft only. This project should not be extended to other aircraft of this model on which other previously-approved modifications are incorporated unless it is determined that the interrelationships between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this certificate and FAA-approved Flight Structures, Inc. Master Drawing List 96FS647-DO1 shall be maintained as part of the permanent records of the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 1, 1996

Date reissued:

Date of issuance: September 19, 1996

Date amended:

By designation of the Administrator
