

Supplemental Type Certificate

Certificate

SURRENDERED

on 6-26-2009

Number SA2746NM-D

This certificate, issued to United Airlines

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations. Ref. TC Data Sheet A3WE for Special Conditions.

Original Product — Type Certificate Number: A3WE
 Make: Boeing
 Model: 727-222

Description of Type Design Change:

Installation of a passenger air-to-ground telephone system consisting of 2 wireless handsets and handset holders, support equipment in the existing E&E compartment, 2 new L-band blade antennas on the lower fuselage area, and associated cables and wiring, in accordance with United Airlines, DAS-1WE, approved drawing list 2746, dated July 31, 1988, or later approved revision.

Limitations and Conditions:

This approval does not extend to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 5, 1988
 Date of issuance: July 31, 1988

Date reissued:
 Date amended:
