Approved Model List (AML) SR02303SE for approved

Model:

rotorcraft models and applicable airworthiness

regulations

Description of the Type Design Change: Instruction for changing to alternative lubricant and use of these for continued airworthiness in accordance with Helicopter Transport Services Document, DS-HT54LUB-SUPL-01, Revision IR, dated January 24, 2014, or later FAA-approved revision. This supplement shall be used to identify and change lubricants currently in Instructions for Continued Airworthiness identified in the type certificate data sheets for these rotorcraft.

Limitations and Conditions: Approval of this change in type design applies to the rotorcraft listed on AML SR02303SE only. This approval should not be extended to other rotorcraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the relationship between this change and other previously approved modifications will introduce no adverse effect upon the airworthiness of that rotorcraft. A copy of this certificate, AML SR02303SE, and Helicopter Transport Services Document, DS-HT54LUB-SUPL-01, Revision IR, dated January 24, 2014, or later FAA-approved revision must be maintained as part of the permanent records for the modified rotorcraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
