

Supplemental Type Certificate

Number SA411NW

This certificate, issued to

**KNOTS 2U, LTD
709 Airport Road
Burlington, WI 53105**

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulation, Effective December 31, 1953

Original Product—Type Certificate Number: A2SW
Make: Aero Commander
Model: 1121 A and B

Description of the Type Design Change: Installation of forward facing white lights, position lights, clear plastic covers, and associated systems in accordance with R. M. DeBorde Installation Instructions, Kit No. R.M.D. 00123-A.

Limitations and Conditions: Approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 24, 1976 *Date reissued:* August 26, 1991; October 9, 2015
Date of issuance: February 25, 1977 *Date amended:* July 15, 1977

By direction of the Administrator
