

United States of America
Department of Transportation—Federal Aviation Administration
Supplemental Type Certificate

Number SA00227DE

This certificate, issued to **Stevens Aviation, Inc.**

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: A31CE
Make: Beech Aircraft Corporation
Model: F90

Description of the Type Design Change:

Installation of protective panel to prevent ice impact damage to aircraft nose structure in accordance with Stevens Aviation Drawing TW-S-613-001, Initial Release, dated January 8, 1996 or later FAA approved revision.

Limitations and Conditions:

1. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.
2. A copy of this certificate must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 16, 1996

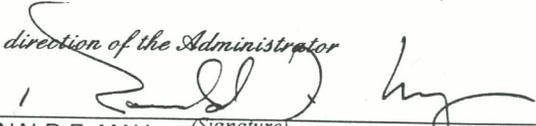

Date reissued:

Date of issuance: May 3, 1996

Date amended:

By direction of the Administrator
