NEWHALL, CA 91322-1957**

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product Type Certificate Number: L-3

Make: Douglas

Model: A-26

Description of Type Design Change: Installation of Stack Assembly Exhaust per On Mark Engineering Company Drawings Number 26-8147, 26-8148, and 26-8149 for Pratt & Whitney R-2800 Series engines.

Limitations and Conditions: This approval should not be extended to other specific aircraft of this model on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 15, 1967

Date reissued: August 6, 2007

Date of issuance: November 22, 1967

Date amended:

By direction of the Administrator
