Number SA00635WI

This certificate issued to

Aviation Fabricators
805 N. Fourth Street
Clinton, MO 64735

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product--Type Certificate Number:

Make: See attached AML No. SA00635WI

Model:

Description of Type Design Change:

Jump seat installation per Aviation Fabricators, Inc., Drawing Lists as described in the attached AML No. SA00635WI.

Limitations and Conditions: Installation per STC Drawing List AF-209 limited to aircraft with Beech (Raytheon) factory installed oxygen system for jump seat locations. Aircraft configured for more than 14 total occupants must be equipped with a 49 cubic foot (or greater) oxygen system. Compatibility of this design change with previously approved modifications must be determined by the installer. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: February 08, 1996

Date reissued:

Date of issuance: March 02, 1998

Date amended: June 8, 2001, June 20, 2003,
July 30, 2013

By direction of the Administrator
