Supplemental Type Certificate

Number: SA1365CE

This certificate issued to: Sabreliner Aviation, LLC
1390 Highway H
Perryville, MO 63775

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations

Original Product – Type Certificate Number:
A2WE

Make: Rockwell International
Model: NA-265-40 and NA-265-60

Description of Type Design Change:

Installation of Compensated Pitot Static Heads (Rosemount Engineering). Data required: Stamped "FAA Approved" Rockwell International Drawing S-20-0007 and subordinate data referenced therein or later FAA Approved revision and Airplane Flight Manual Supplement No. 34 dated August 22, 1977 (NA-265-40) or Airplane Flight Manual Supplement No. 64 dated December 27, 1977 (NA-265-60) as applicable.

Limitations and Conditions:

Installation limited to Model NA-265-40, S/N 282-1 through 282-97 and Model NA-265-60, S/N 306-1 through 306-63. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: July 26, 1977

Date Reissued: January 28, 1981; June 30, 1983; March 7, 2014

Date of Issuance: August 22, 1977

Date Amended: December 27, 1977

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
