

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA4992NM

This certificate, issued to Flight Structures Incorporated
18810 - 59th Avenue N. E.
Arlington, Washington 98223

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product — Type Certificate Number: A2NM
Make: Boeing
Model: 757-212

Description of Type Design Change:

Installation of Matsushita Avionics Systems (MAS) Video Passenger Entertainment System defined by the documents listed on Approved Model List Number SA4992NM.

Limitations and Conditions: The approval of this change applies to the aircraft models listed on Approved Model List Number SA4992NM and should not be extended to other specific models of these airplanes on which other previously approved modifications have been incorporated, unless it is determined that the interrelationship between this change and any of those previously approved modifications will introduce no adverse effects upon the airworthiness of that airplane. A copy of this Certificate shall be maintained as a part of the permanent records for this modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 24, 1990

Date reissued:

Date of issuance: NOV 21 1990

Date amended:

By direction of the Administrator
