

Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SH971NW

This certificate, issued to FLIR Systems, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the *

Regulations:

Original Product — Type Certificate Number: *See attached Master Eligibility List (MEL)
Make: No. SH971NW for list of Approved Airplane
Model: Models and applicable Airworthiness Regula-
tions

Description of Type Design Change: Installation of a FLIR Systems, Inc. infrared camera and accessories in accordance with FLIR Systems, Inc. Installation Instructions 85000400, Rev. A.

Limitations and Conditions: Approval of this change in type design applies basically to the above listed helicopters only. This approval should not be extended to other helicopters of this model on which previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that helicopter. A copy of this Certificate, MEL No. SH971NW, and FAA Approved Rotorcraft Flight Manual Supplement shall be maintained as part of the modified helicopter's permanent records. This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 7, 1980

Date issued:

Date of issuance: July 1, 1980

Date amended: February 1, 1982

By direction of the Administrator
