Supplemental Type Certificate
(Continuation Sheet)

Number SR00112BO

Effective Date: August 5, 2011

Limitations and Conditions (Cont'd):

3. Compatibility of this design with previously approved modifications must be determined by the installer.
4. This is a non-interference STC. The modification has not been evaluated to check its proper operations for its intended function.
5. The installation described by this STC data illustrates provisions (connection stubs) to allow the OuterLink Voice Panel (OVP) and the OuterLink Voice and Video Recorder (OVVR) to connect to external devices such as the vehicle's Inter-Communications System (ICS). These stub connections are not approved as part of this STC. Information on the potential connections is contained in drawing N008-0080 (see Flag Note 11 of N008-0080).
6. The installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft.
