Supplemental Type Certificate
(Continuation Sheet)

ST02489LA

Limitations and Conditions (Continued):

1. Only eligible for installation in the lower lobe of transport category airplanes that have been type certificated with a cargo restraint system that is compatible with specification NAS 3610, and the manuals referenced in the type certificate data sheet include (by NAS 3610 classification identifier) the cargo unit load device that may be installed, its appropriate load rating, and instructions and limitations on its use.
2. This approval requires the LD3 containers be maintained according to the component maintenance manual, CMM 25-51-01 Revision No. 0, dated October 15, 2013, or later FAA accepted revision.
3. This installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

- End -

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both.
