Supplemental Type Certificate

Number **SA00370SE**

This certificate, issued to:

**BLR Aerospace, LLC
3102 100th Street SW
Everett, WA 98204**

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: A12CE
Make: Beech
Model: 60, A60, B60

Description of the Type Design Change: Installation of dual aft body strakes in accordance with Master Drawing List Document BL-2004, and Installation Manual Document BL-2007, both dated August 20, 1996, or later FAA-approved revisions.

This modification requires the installation of BLR Aerospace vortex generators per STC SA5761NM or winglets per STC SA00112SE.

Replace any missing or damaged aft body strakes prior to further flight.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect to the airworthiness of the aircraft. A copy of this Certificate and FAA-Approved Aircraft Flight Manual Supplement, Document Number AFMS-B60-8, dated August 28, 1996, or later FAA-approved revisions must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
