

United States of America  
Department of Transportation — Federal Aviation Administration  
**Supplemental Type Certificate**

Number SA2666WE

This certificate, issued to Ceconite, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part \* of the

Regulations. \* Refer to Sealed List of Civil Aircraft Models

Original Product — Type Certificate Number: Refer to Sealed List of Civil Aircraft Models

Make: Refer to Sealed List of Civil Aircraft Models

Model: Refer to Sealed List of Civil Aircraft Models

Description of Type Design Change: Replace existing fabric on wings, fuselage, empennage, and/or control surfaces with Ceconite 102 material in accordance with FAA Sealed Ceconite Procedure Manual #101 revised 12 March 1973 or later FAA approved revision.

The engineering basis for FAA approval of the Ceconite fabric covering process is contained in the FAA Sealed Ceconite Product Engineering Specification No. 3815, no change revision, dated June 10, 1983 or later FAA approved revision.

Limitations and Conditions: This STC is applicable to those models of aircraft listed on the FAA Sealed List prepared by Ceconite, Inc. entitled "List of Civil Aircraft Models Approved by FAA for Modification in Accordance with Ceconite, Inc. STC No. SA2666WE for Ceconite 102 Material Covering of Aircraft Surfaces." The extent of coverage approval for each model of aircraft is also shown on that list.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 5 February 1973

Date issued:

Date of issuance: 16 March 1973

Date amended: July 20, 1976  
August 19, 1983
