

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA00661AT-D

This certificate issued to

Raytheon Aircraft Services, Inc.
3992 Aviation Circle
Atlanta, Georgia 30336

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part FAR 23 of the Federal Aviation Regulations.

Original Product - Type Certificate Number: A37CE
Make: Cessna
Model: 208 Series

Description of Type Design Change: Installation and operation of a United Beechcraft Smart Start Aircraft Security System installed in accordance with United Beechcraft Inc., Master Drawing List No. SSCI, Initial Revision, dated March 3, 1995, or later FAA approved version..

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. FAA Approved Airplane Flight Manual Supplement, Doc No. 95019, dated November 17, 1995, is a required part of this STC. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 19, 1995

Date reissued: November 17, 1995, October 20, 2005

Date of issuance: November 17, 1995

Date amended:

By direction of the Administrator
