Supplemental Type Certificate
 Number ST02925NY

This certificate, issued to: Delta Engineering Corporation
 13 DRBA Way
 New Castle, Delaware 19720

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product — Type Certificate Number: See attached FAA Approved Model List (AML),
 See AML Delta Engineering Document No. 0119-08213-
 Model: 2323 Revision A or later FAA approved revisions,
 for the list of approved aircraft models.

Description of Type Design Change:
 Replacement of Cabin Lighting Light Bulbs with LED's (Light-Emitting Diode) Light Bulbs in accordance with Delta Engineering Approved Model List 0119-08213-2323 Revision A dated Jul. 30, 2014 or later FAA approved revisions to Delta Engineering Approved Model List previously listed. The Instructions for Continued Airworthiness as listed on the Approved Model List is required.

Limitations and Conditions:

1. If the holder agrees to permit another person to use the certificate to alter the product, the holder shall give the other person written evidence of that permission.
2. Compatibility of this design change with previously approved modifications must be determined by the installer.
3. The installation is limited to general cabin lighting and not emergency lights.
 (See Continuation Sheet 3)

This certificate and the supporting data which is the basis for approval shall remain in until effect surrendered, suspended, and revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: September 4, 2012 Date reissued:
 Date of issuance: November 16, 2012 Date amended: August 1, 2014

By direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
