Supplemental Type Certificate

Number: SA00009WI

This certificate issued to: Hershey Flying Service, Inc.
3370 MN Road
David City, NE 68632

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 8 of the Civil Air Regulations effective October 11, 1950, plus additions listed in the Type Certificate Data Sheet

Original Product – Type Certificate Number:

Make: Grumman

1A16

Model: G-164, G-164A, G-164B

Description of Type Design Change:

Change belly skins from aluminum to stainless steel per AERODESIGN Aircraft Engineering Drawing List Number 343-5 with an FAA Approval date of November 17, 1992, or later FAA Approved revision.

Limitations and Conditions:

This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: December 20, 1988

Date Reissued: November 16, 2017

Date of Issuance: November 17, 1992

Date Amended:

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
