Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

Supplemental Type Certificate

(Continuation Sheet)
Number SA00078BO

Limitations and Conditions: (continued from Page 1 of 3)

2. Tow hitch is approved for towing banners with a weight not to exceed 300 pounds.
3. Compatibility of this design with previously approved modifications must be determined by the installer.

Certification Basis:

Based on 14 CFR § 21.115 and § 21.101, and the FAA policy for design changes that are identified as not significant in FAA Order 8110.48, the certification basis for the FS 2003 Corporation PA-12 aircraft is as follows:

- a. The type certification basis for parts **not changed or not affected** by the change is shown on TCDS A-780.
- b. The modification certification basis for parts **changed or affected** by the change since the reference application date, May 19, 1997, is based upon part 3 as amended by Amendment 3-0 as follows:

Regulations at the latest amendment 3-0 through 3-14

Not recorded

Regulations at an intermediate amendment

Not recorded

Regulations at the amendment level in TCDS A-780

Not recorded

-----END-----
