*Model:**

Description of the Type Design Change: Installation of Aviation Development Corporation's sump mounted chip detector in accordance with Aviation Development Corporation's Drawing List as shown on the attached FAA Approved Model List.

Limitations and Conditions: Approval of this change in type design applies to the aircraft models listed on the AML only. This approval should not be extended to aircraft on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. Aircraft modified in accordance with STC SA4172NM are not eligible for modification under this STC. A copy of this Certificate, AML SA00238SE, and FAA Approved Flight Manual Supplement (See Attached AML) must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
